VIRTUAL ENOCH PRATT FREE LIBRARY INFO

The **Children's Services Coordinator, Carly Reighard**, at Enoch Pratt Free Library wants to share the digital student resources that are always available, but will be especially useful now. They have created a [Digital Students Resources webpage](#) that breaks down the databases and digital resources by grade, in addition to sharing information about downloadable eBooks and audiobooks, streaming movies and music, and homework help! To access some of these digital resources, students may need a library card. If you do not already have one, there are details about how you can get an eCard on this webpage.

The branches may be closed, but librarians remain available to assist students and their families Monday through Friday from 10am to 5pm. They can [chat live](#) with a librarian, [email us](#) their questions, or call us at 410-396-5430 to leave a message and have a librarian call them back.

Furthermore, they are taking many of their programs online! The librarians are recording STEM, craft, and movement and meditation activities that can easily be done at home, in addition to book recommendations, virtual storytimes, and more! Families can access these videos via our [Facebook](#) and [Twitter](#) accounts. They are also updating their [virtual events calendar](#) as new programs are planned. You can connect with the links in "red" through prattlibrary.org :)
